

EDGE

Enhancing Diversity in Graduate Education

Are you ready for the challenges of a doctoral program in the mathematical sciences?

SUMMER 2011

TALLAHASSEE, FL

The Enhancing Diversity in Graduate Education (EDGE) Program invites women to participate in a post baccalaureate summer enrichment program designed to enhance their ability to successfully complete graduate programs in the mathematical sciences.

Dr. Ulrica Wilson (left) congratulates EDGEr Ellen Peterson on a successful defense.

The summer program provides:

- * Courses in analysis and algebra/linear algebra
- * A mini-course in pure or applied mathematical research
- * Guest lecturers from academia and industry
- * Graduate student mentors
- * Problem solving sessions
- * Travel, living accommodations and a stipend.

A follow-up mentoring program provides a continuous support network

The 2011 EDGE Summer Program will be held June 6—July 1, 2011 at Florida A&M University in Tallahassee, Florida, with local coordinator Dr. Roselyn Williams. The deadline for applications is February 21, 2011. See the website <http://www.edgeforwomen.org> for further information, eligibility requirements and application materials.

EDGE is funded by the National Science Foundation.
