

2027 EDGE SUMMER PROGRAM

June 2027 | University of Minnesota Twin Cities

“EDGE helped me find life-long friends, learn new math, and feel ready and excited to take on the grad school workload.”

- EDGE 2026 Participant

What to expect:

- A four-week residential session
- Collaborative daily problem sessions and lectures
- Build a personal and professional network with EDGE alum and other mathematicians

Eligibility:

- Must be applying to PhD math programs or have just completed their first year in a PhD program
- Must identify as a woman or gender nonconforming individual

Join a national network of rising leaders in the mathematical sciences!
